WELCOME TO AG EXPO 2026

Ag Expo presented by Vanee Farm Centre and the North American Seed Fair powered by Seed World Canada is a Lethbridge tradition that brings the agriculture industry together, and we are pleased to once again welcome you to the Lethbridge Trade & Convention Centre for this annual showcase.

While the industry faced some challenges over the past year, from tariffs to variable moisture levels across the prairies, ultimately, crop production was generally strong in 2025, with major crops including wheat and canola reaching near-record levels. This is a positive development for the industry and we look forward to even more good news to come in the year ahead.

Ag Expo is once again a sold-out show, with around 300 exhibitors attending from across Canada, the United States, and international borders. We are seeing new exhibitors, new technologies and new innovations that are pushing our industry forward. These modernisations make the agricultural community more sustainable, more efficient and more profitable as our industry adapts to technological and environmental changes.

At this year's show, you can expect a floor plan that emphasizes excellent guest traffic flow, new networking events and spaces such as the Crop Aid Nutrition Lounge where exhibitors and guests can engage in a more relaxed atmosphere, a cleaner and improved footprint for Double C Agco Machinery Row in the south parking lot, the new Thunderbars presented by Thunderstruck Ag Equipment where delicious refreshments are just steps away from the exhibitors, and more event sponsorship and partners than ever before. We thank you all for your support!

At the heart of southern Alberta's agriculture community, Ag Expo delivers an exciting showcase of the ideas and technologies shaping the future of farming. The event gathers cutting-edge agricultural solutions from around the world, offering hands-on access to the newest equipment, products, and innovations. From machinery and irrigation to livestock supplies, crop inputs, and seed, Ag Expo is where producers connect, trade, invest and come together in one dynamic setting.

We are pleased to welcome farmers, producers, manufacturers, sales people and everyone associated with the industry to Lethbridge. Enjoy your time in Alberta as we celebrate the business of agriculture!

SEED FAIR POWERED BY SEED WORLD CANADA

FEB. 25 - 27 | 9 AM - 5 PM

A tradition with roots more than a century deep, the **North American Seed Fair powered by Seed World Canada** is a staple of Ag Expo and one of Western Canada's longest-running and last remaining seed showcases. Each year, dozens of samples are collected, judged and displayed, showcasing over 25 classes of Pedigreed Seed, Open Classes, and Junior Classes. Entries highlight the latest advancements in seed genetics, crop development, and agronomic innovation.

Connecting breeders, growers, agronomists, and suppliers from across the continent, the fair features a wide range of seed varieties, including cereals, pulses, oilseeds, forages, and specialty crops, highlighting the diversity and strength of modern agriculture. Exhibitors share new products, research, and practical solutions designed to help producers improve yields, manage risk, and adapt to evolving growing conditions.

Check out the North American Seed Fair, located in the Real Estate Centre Lobby of the Lethbridge Trade & Convention Centre to see the impressive displays and engage directly with the seed developers and industry experts who are growing the seed industry.
